Mercedes is planning an event at their Ann Arbor Lab on September 19th and 20th to display and demonstrate their Bluetec I (NSC) and Bluetec II (SCR) vehicles. You have all been invited. Please read the message below. Mercedes needs a headcount of who will participate. Could you please respond to me and I will coordinate our participation.

Thanks,
Linc

Subject: Technology Presentation: Mercedes-Benz Clean Diesel BLUETEC After-Treatment Systems

Dear Mr. Linc Wehrly,

Mercedes-Benz has arranged a Technology demonstration and discussion opportunity at the Mercedes-Benz Ann Arbor Laboratory to present the clean Diesel aftertreatment technologies called BLUETEC I and II to the Agency. There will be the opportunity to see in detail components of the SCR-System like the AdBlue tank, heated lines, dose-in valve, refill concept and of course a SCR-vehicle and a NSC-vehicle.

The event is planned for the 19th and 20th of September 2007 and participants can choose between a morning and an afternoon session, respectively.

We would kindly ask you to notify us no later than August 20th if you are interested in participating in this event. Your reply with the information set forth below should be sent by e-mail to Klaus.Land@DaimlerChrysler.com or by fax: +49 (0)7031-9048952

We will send you a confirmation no later than 3rd of September.

To your information:

The invitation was also sent to Karl Simon and staff, Christopher Grundler and staff, Robin Moran and staff, Chet France and staff, Martin Reinemann, Russel Banush, Theodore Trimble and Arvon Mitcham.

Yours sincerely

Rudi Thom Walter Pütz Klaus Land
